Thinking Big: How the Evolution of Social Life Shaped the Human Mind

by John Gowlett

A closer look at social history and the growth of the human brain

When and how did the brains of our hominin ancestors become human minds? Thinking Big: How the Evolution of Social Life Shaped the Human Mind.

The origins of human consciousness are hypothesized to lie in the changes in the brain required by the growth of social structure in early human history. Review of Clive Gamble, John Gowlett, and Robin Dunbar Thinking Big 1 Feb 2018.
